### WHAT OUR STUDENTS SAY...

#### Khatija Bi Bi Variawa, 21

*'I studied I.T, Business, and Economics and got much higher grades than I anticipated. I got one A and two B's and have now secured my place at Kingston University to study Business Management. I studied really hard so this is really rewarding! When I came to England three years ago I couldn't even speak English. I applied to study a Level 1 ESOL*

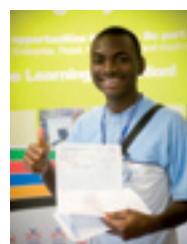

*course, and was told that after one year I was ready to take my A Levels. Now here I am; I'd like to give a big thanks to all the staff at Newham College who have been here for me since day one. I was always encouraged to do my best every step of the way, and I'm so thankful for it.'*

#### Faizal Dossa, 19

**'I feel really good! I got three A's! Anyone can do this if they put their mind to it. I came from getting U grades to getting A grades because I tried, I want to be someone and get something more out of life. I just put my head down all year, worked hard, got rid of the distractions and this is what can happen. I'm over the moon!'**

#### Agho Eghosasere, 17

*'I am really happy with my results – I got three A grades in my AS levels. It paid off working really hard throughout the year, and I know my family will be really proud. I received a lot of help throughout the year, and really am grateful to everyone who stuck by me when I needed it most. I only hope next year is as successful ... and fun!'*
